**RE: ADMISSION LETTER 2021**

Congratulations for securing a chance in this great school. I wish to state at this earliest opportunity that this school has all you need to excel in your academics endeavors. i.e. sufficient qualified staff- some of whom are university graduates, cooperative staff, enough physical facilities for both curricula and co curricula activities and a serene environment for learning. In addition to academic excellence, this school upholds religious values to produce pupils who are morally upright.

This school is located 1 km from Makindu town and 300m off Nairobi- Momabasa Highway.

Once again congratulations as I wish you all the best.
